

#BeyondWaHi - #BeyondWaHi- Cyber Security, Medical Care, Learn to Code, and more! 1-20-21

Hi all -

Greetings in the middle of a 4-day week! It's definitely a day/time/week of transition in our schools, state, and nation. Change can be hard so please make sure that you are reaching out to safe people as you need. No one is alone in this.

Today I just have a hodgepodge of important announcements... check them out!

Sending love,

Katharine

If you want a check in, sign up here for a home visit: wahi.link/visits

IMPORTANT UPCOMING EVENTS

Scholarship Fair: Tuesday, January 26, 2pm wahi.link/beyondchat

Learn about CYBER SECURITY: Monday, February 1, 1pm wahi.link/beyondchat

Professionals from Armival Cyber Security firm will be presenting about jobs in cyber security - check it out!

Do you want to learn coding? Join the Girls Who Code [Summer Immersion Program](#) (SIP):

- A 2-week virtual computer science program for **current 9th-11th grade girls and non-binary students**.
- Participants learn the computer science skills they need to **make an impact in their community while preparing for a career in tech**.
- The program is **100% free** and we also provide **need-based tech access, and need-based stipends of up to \$300** to help cover tech and living costs for students who qualify.

How to Apply: Once the application goes live later this month students can apply at www.girlswhocode.com/sipapply.

Early acceptance applications are due in **mid-February**; general applications in **mid-March**.

How to Learn More: I hope I can work with you to encourage your eligible students at to apply. To receive resources we offer to help you recruit students, [please sign up](#) to join an informational call.
